

## 2012 - CUSTOM MERCHANDISE

AD•INK offers you many ways to enhance the impact of your advertising campaign beyond the printed page. Our custom merchandising and direct response programs will generate increased awareness for your product or service.

AD•INK has created two merchandising programs and a direct mail program. The first program produces laminated counter-top display cards, featuring your ad. The second program provides you with magazine reprints of your ad, either in a two-sided reprint or a 4-page brochure. Both options include "As Seen In..." along with a collage of magazine covers from the respective AD•INK network. For a minimal charge, reprints and counter cards can include customized messages and logos, including magazine covers to further communicate your campaign.

### Counter-Top Display Cards

This sales tool presents your ad mounted on a 12" x 12" quality backing sheet with an "As Seen In..." notation accompanied by a collage of the magazines in your respective AD•INK magazine network. This durable point-of-sale vehicle showcases your products or services in some of the most respected, upscale magazines in the country.

### Display Card Rates

Quantity	Price	Shipping	Total Cost
1	\$25.00	\$ 9	\$ 34

### Reprints

#### One-Page Two-Sided 4-Color Reprints

This marketing tool is an effective direct mail piece alone or in combination with your existing direct mail program. The reprint is sized 8-1/2" x 11" and showcases your advertisement on one side, and features a full-color collage of the magazines in

the respective AD•INK network on the reverse side. The reprint can be folded in thirds as a stand-alone direct mail piece and can include a customized marketing message. Printed on 80# gloss text
